## Product Group 15

Specific function caps.

## Product Group 16

Caps with plastic inserts for shrouds in product groups 4 & 5.

## Product Group 17

Jar caps.

creativity focused innovation

# SACO

## A leading manufacturer of aluminium caps & collars

Saco a global supplier was founded in 1985. A UK based manufacturer with over 1500 components within our standard range we have agents worldwide, a European office and warehousing capability in the USA.

We strive to support zero or low tooling costs and short lead times and offer a very reactive service with all customers supported by a designated Key Account Manager.

Our In house skilled design team strives to add to our range every year and we have the capability to realise customer designs with our highly skilled toolmaking engineers and designers assisted by CAD/CAM technology. Customer briefs are realised with the creation of bespoke 3D creative solutions.

Saco attend worldwide exhibitions, please check our webpage as this is regularly updated with confirmed attendances and further details.

Our catalogue is regularly updated, please request a copy from our team today or download from our website at [www.sacoltd.com](http://www.sacoltd.com)
